6. Purchase of Tokens

The User can purchase Tokens by transferring acceptable cryptocurrencies to the wallet address provided by us in your Account or by making USD or Euro payments via bank wire or a third party payment processor indicated on the Site. We may change the methods and forms of payments at any time and at our own discretion.

A transfer the fund for the purpose of purchasing BITICA Tokens to your Account will be treated as a deposit and you would be required to manually complete the purchase to receive any applicable discounts and bonuses. However, if you fail to complete your purchase or request a refund of your deposit by the end of token sale as set by the Terms of Token Sale, you would be deemed to have purchased Tokens on the last day of the token sale at a price available then. The number of purchased Tokens shall be determined based on the total amount you used for the purchase of the Tokens with applicable discounts and bonuses available to you, and/or total amount of your transfer you made for the purpose of purchasing Tokens if you fail to make a purchase during the time when bonuses were offered.

Prior to distribution of Tokens, you are required to provide an address of the third party digital wallet (“External Wallet”), where your purchased Tokens would be distributed to and complete necessary steps to connect your External Wallet to the Account according to the instructions placed by Bitica in your Account prior to the distribution of the Tokens. The External Wallet must support the ERC-20 tokens standard. For any assistance with the setup of the External Wallet, Purchaser shall contact support@thebitica.com.

Following the successful purchase, the information about purchased Tokens will be reflected within 72 hours in your Account after the receipt of a confirmed payment. The confirmation of the payment depends on the processing time of the transaction, which is out of Bitica’s control. Tokens can only be purchased during the official token sale by accepting the respective Terms of Token Sale, these Terms and Privacy Policy.

7. Distribution of Tokens

Tokens purchased by the User will be issued and distributed according to the respective Terms of Token Sale. On the date of distribution, purchased Tokens will be distributed by Company to the External Wallet of the Purchaser if one is provided, or become available for withdrawal in the Account. Failure to provide a correct address of the External Wallet will result in the loss of purchased Tokens, which shall be the sole responsibility of the Purchaser. Failure to provide the External Wallet or to complete its set up, will delay the withdrawal of the purchased Tokens, which shall be a sole responsibility of Purchaser. Purchaser shall be responsible for implementing reasonable measures for securing the External Wallet, vault or other storage mechanism Purchaser decides to use to receive and hold Tokens outside of the Account, including any required private key(s) or other credentials necessary to access such storage mechanism(s). If Purchaser's private key(s) or other access credentials are lost, Purchaser may lose access to the purchased Tokens. Bitica shall not be responsible for any such losses.

Any portion of these Terms that reasonably should survive the termination of your License or any other agreement is hereby agreed to do so. If any provision of these Terms is deemed illegal, invalid or otherwise invalid for any reason, then that provision will be severed and the rest of these Terms will remain intact and enforceable.

These Terms represent the entire and complete agreement between the User and Bitica, including any future modification of these Terms, superseding any prior agreements or communications between you and us. Any ambiguities in these Terms shall be construed in the light most favorable to Bitica.

16. Act of God

Bitica's performance under these Terms shall be excused if the failure of such performance is caused by forces beyond its reasonable control. This includes (but is not limited to) acts of God, acts of any government, war or civil unrest, severe weather, fire, natural disasters, political embargos, terrorism, power or equipment failure, industrial or labor disputes or controversies, acts of any third party, or blockchain failures.
